#### BRIEF STATE NEWS

Berlin.—The first man to register in Berlin last Thursday was J. H. Kaiser Essex.—Two new wings have been added to the honor roll board to accommodate the extra names which are to be added from time to time.

Bridgeport.—Mike Phppas of the Venetia Importing company has been fined \$50 in the police court for selling cottonseed oil in containers labeled

Wethersfield.-The Wallace Nutting witnership. The Wallace Nutting collection of American antiques part of which was formerly on display at Hospitality hall Wethersheld, has been put in place on the fourth floor of the Wanamaker building, Broadway and Tenth street, New York, and is open

Bristol.—Ralph E. Gerth, for the past 16 years in the employ of the Southern New England Telephone company as exchange manager at Bristol. New Britain and Waterbury, has resigned and entered partnership with E. H. Chatfield in the Chatfield News company in New Britain.

New Haven.—Final hearing in the scate of the late John C. Anderson in the probate court disclosed the fact that only about \$190.000 was left for the distribution of the heirs. Mr. Anderson was at one time a millionaire, but annuities on his life reduced his satate considerably. Many relatives will benefit by the will, among them a grandson, Balph Ingersoil, of Los Angeles, who will get \$18,000 when he attains the age of 25.

During the month of June, 1918, the Mexican Department of Commerce Bess and Industry, according to the July Below 22 issue of El conomista issued 87 day. mining titles for properties located in various states of the republic, and home of this number 49 belong to the State of Scoroga slows where the mining is of Sonora alone, where the mining in fustry has assumed a considerable impetus during recent months,

### FINANCIAL AND COMMERCIAL

New York, Sept. 16.—In a dull and featureless session of the stock market today the restricted money situation overshadowed the political signifi-

cance of the Austrian and German peace overtures.

After a steady opening, interpreta-tive of a continued check of the re-cent liquidation, and of satisfactory war news, sharp recessions developed in a few of the speculative issues, notably American Sumatra Tobacco, which suffered a decline of seven points during the day to 107 1-8, its lowest in many months.

Thereafter, speculation of a highly trespular character materialized work.

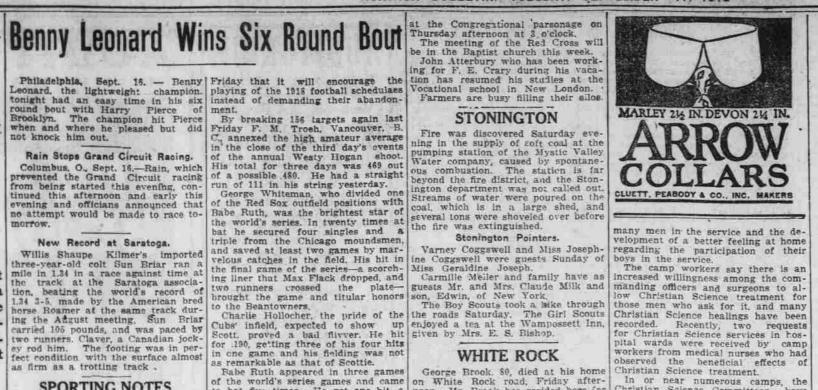

rregular character materialized, varitrouguar character materialized, vari-ous issues being pushed up substan-tially, with, however, a degree of cau-tion in the buying investment traders not being disposed to follow up prices

The so-called peace shares, as stan-dard rails, gave a good account of themselves, notably Southern Pacific and Northern Pacific. Steels and equipments were dominated by inter-mittent selling of U. S. Steel, which, offered freely declined about a point offered freely, declined about a point, with similar loss in affiliated proper-ties. During final dealings the trend ties. During final dealings the trend was generally downward on realiza-tion of profits and on speculative sell-ing of U. S. Steel. Sales were 240,000

Bonds held well with some slight mprovement in foreign issues. Lib-rry bonds were inclined to yield. Tosales, par value, aggregated \$8,150,

dollars have been raised.

The aim of the Christian Science camp workers is to be as helpful as possible to all the men in the camps, whether or not they are Christian Scientists, and particularly to give assistance which may not be avail-able at the time or place through any of the other camp welfare agencies. A feature of this phase of the work is an arrangement for keeping soldiers and sailors in close touch with their

Co-operating with the committee in Boston, there is a Christian Science camp welfare committee in each state. The committee in the home state of a soldier or sailor co-optrates by mail and telegraph with the committee of the state in which he is camped or stationed to form a direct and constant link between the soldier or sailor and his relatives. Thereby the relatives are quickly made acquainted with needs of their boy in the service, and he is provided Co-operating with the committee boy in the service, and he is provided with an avenue of quick communica-tion with his home, This linking of home and camp,

with an avenue of quick communication with his home.

This linking of home and camp, combined with the personal attention seed numbered 360 for the week than for the week of 1917. Sales by warranty deed numbered 360 for the week. Westcott & Mapes of New Haven are deed numbered 360 for the week of 1918. Sales by warranty deed numbered 360 for the week was assisted against 430 last year. In the volume of mortsage loans, however, the composition of changing a soldier's outlook from one of gloom to one of joy, and not infrequently it has proved to be the means of relieving relatives of financial embarrassment, the committee in the home state making loans for use by the relatives until their soldies in the home state making loans for use by the relatives until their soldies forward money to them.

# GOVT. BAN ON EXTENSIVE BUILDING

Owing to the fact that a ban has been put on all unnecessary building operations where the construction cost is over \$2500 there is little building of note being done in the city. Many contracts which called for large buildings for different manufacturers and private individuals have been cancelled by the contractors as a result and private individuals have been can-celled by the contractors as a result facturers have exacted similar pledge from their customers who purchase fo

celled by the contractors as a result of the government order.

The Connecticut State Council of from their customers who purchase for resale. To secure building materials from these patriotic dealers and manufacturers, the individual contemplating the construction must have a perputation of National Defense instructions to organize at once to carry out this task for the war industries board. The request of the federal authorities is that quest of the federal authorities is that place and the work is well in the construction must have a perputation of the construction of the construction must have a perputation of the construction of the construction of the construction must have a perputation of the construction of the construct local agencies of the State Defense in that place and the work is well council, the war bureaus and town committees in 168 towns and cities throughout Connecticut, handle this J. B. Martin company has made programmentant war fact.

throughout Connecticut, handle this important war task.

J. B. Martin company has made progress important war task.

This action is another step by the government toward putting the whole nation on a war basis. It is based on the necessity of making the entire and the rails have been laid on the necessity of making the entire for a distance of about 50 feet and alton work or fight.

In carrying out the new task which has been assigned to them, local agencies of the Connectint State Council of Defense will have the full authority of the federal government behavior of the contract of the contract of the connection of the federal government behavior of the contract thority of the federal government be- has the contract,
